“SYNCOPE DAY” and RISK STRATIFICATION

Scientific organization:
M. Tomaino, M. Unterhuber

- 09.00** **Role of pacing in patients affected by reflex syncope**
*Chairs: A. Moya, R. Sutton,
Speakers: V. Russo, M. Tomaino*
- 09.45** **Lecture:**
Modern approach in the management of patients with Syncope: bradycardic and hypotensive phenotype
M. Brignole
- 10.00** **Catheter ablation as future treatment for reflex syncope?**
*Chair: M. Unterhuber
Speaker: L. Calò
Discussant: R. Maggi*
- 10.30** *Coffee break*
- 11.00** **Role of carotid sinus massage**
*Chair: A. Ungar
Speaker: G. Rivasi
Discussant: M. Rafanelli*
- 11.30** **Clinical evaluation and risk stratification: ED and short observation area**
*Chair: A. Fedorowski
Speaker: F. Numeroso
Discussant: I. Casagrande*
- 12.00** **Lecture:**
Potential changes in ESC guidelines after the latest scientific evidences
*Chair: M. Tomaino
Speaker: R. Sutton*
- 12.30** *Lunch*

Thursday, 10.3.2022

- 14.00** **Transient loss of consciousness**
Chairs: C. Mussi, A. Ungar
- Falls or syncope in the elderly? - *M. Rafanelli*
 - POTS and orthostatic intolerance: insights into autonomic system rebalancing - *R. Furlan*
 - Dysautonomia: clinical evaluation and perspectives - *A. Fanciulli*
 - Syncope and pseudosyncope: diagnostic role of the video-recording - *A. Fedorowski*
- 15.30** **Syncope and “sudden death”:
primary prophylactic ICD**
Chair: M. R. Vecchi
Speaker: M. Lunati
Discussant: A. Uccello
- 16.00** **Extrinsic AV block in young patients. Is
pacemaker really necessary?**
Chair: F. Rabajoli
Speaker: D. Solari
Discussant: R. Maggi
- 16.30** **New monitoring systems**
Chair: M. Unterhuber
Speaker: A. Moya
Discussant: G. Gaggioli
- 17.00** **Syncope Unit: a multidisciplinary approach
as “gold standard” for a correct clinical
management**
Chairs: G. Masotti, M. Tomaino
- GIMSI (Italian Mulidisciplinary Group for the study of Syncope)- *A. Ungar*
 - Strategic role of the “nurse expert” experience of Dublin - *C. Rice*
- 17.30** **Lecture:**
**Excess epicardial fat volume as a novel
risk factor for cardiovascular complications
including arrhythmia/atrial fibrillation. Novel
data from our center in Sarasota, Florida**
Chairs: R. Sutton, M. Tomaino
Speaker: M. El Shahawy

Friday, 11.3.2022

“HEART AND BRAIN SESSION”

*Scientific organization:
M. Tomaino, M. Unterhuber*

- 08.00** **Impact of telecardiology in the management of
patients with devices**
Chair: M. Tomaino
Speaker: G. Zanotto
Discussant: M. Maines
- 08.30** **Cryptogenic stroke and DOACs: critical factors
to consider in the selection of patients**
Chair: R. Paulmichl
Speaker: P. Marschang
Discussant: M. Unterhuber
- 09.00** **Stroke prevention: PFO closure**
Chairs: R. Oberhollenzer, F. Ribicchini
Speaker: R. Bonmassari
- 09.30** **Current knowledges in atrial fibrillation: risk
factors, ablation and perspectives**
Chair: R. Sutton
Speaker: R. Cappato
- 10.00** *Coffee Break*

Friday, 11.3.2022

DEVICE IMPLANTATION AND ELECTROPHYSIOLOGY

Scientific organization: L. Donazzan, M. Manfrin

10.30 Atrial Fibrillation Session

Chairs: M. Del Greco, S. Richter

- Treatment of atrial fibrillation as cause and consequence - Clinical case - *F. Torri*
- Atrial fibrillation in patients with suspected tachycardiomyopathy and atrial fibrillation in patients with heart failure - *L. Bertagnolli*
- Atrial fibrillation in very young patients: genetic patterns or extrinsic causes - *L. Leoni*
- Assessing comorbidities in atrial fibrillation patients as “atrial fibrillation never comes alone”: holistic management of AF patients - *M. Stuehlinger*
- Ablation as first line therapy - *M. Manfrin*

12.30 Lunch

14.00 Cardiac Resynchronization Therapy and Physiological Pacing

Chairs: M. Lunati, M. Marini

- Clinical case - *L. Donazzan*
- How to select the ideal cardiac resynchronization therapy candidate - *M. Bertini*
- His-Purkinje conduction system pacing for cardiac resynchronization therapy - *S. Richter*
- Which technology for whom? - *L. Bontempi*

15.30 Sport and Arrhythmias

Chairs: W. Rauhe, S. Resnyac

- Clinical Case - *F. Baessato*
- Sports activity in patients with CIED - *F. Giada*
- Clinical Case - *M. Erckert*
- Atrial fibrillation in ultra marathon athletes - *C. Tondo*

17.00 End of Works
